

## Sibelius First and Sibelius 5 comparison

In addition to the features of Sibelius First, Sibelius 5 also offers:

- High-quality Sibelius Sounds Essentials sounds
- Ideas hub
- Panorama view
- Compose to video
- VST and Audio Unit support
- Unlimited staves
- Extract instrumental parts as separate files, plus many other features for orchestral/band music
- Features for creating worksheets & exercises
- 'Arrange' feature to help with arranging & orchestration
- Over 110 plug-ins - extra features which do useful things
- Many more notations, e.g. very long & short notes, special symbols, unusual instruments
- Publishing features to make your scores look completely professional.

Here is a comprehensive table of the differences between the two programs. (Features which are the same in both are not listed.)
